

Parking Acknowledgement

I have been informed that parking while on work time / overnight at The Providence Center (TPC) or in the community is at my own risk.

The Providence Center is not liable for any damage to my automobile or theft that may occur during work hours or overnight, on TPC property or in the community.

I understand that if something should happen to my automobile my insurance is primary and I will submit any claims through my insurance company.

I agree not to hold TPC liable for any damage to my automobile or theft that may occur while I am on work time or property.
